

YOUNG SAYS "YES"

An update on Rachel's next "yes" to serving the Lord in Kenya.

2010

As a freshman in college, I got an opportunity to spend 10 days in a village in Kenya. We did VBS in a few schools, helped build a school building, and supported the local church. I enjoyed getting to spend time with the children in the village and loving them like Christ.

2016

I got an opportunity to go back to Kenya to a different village for 3.5 weeks. I served as a matron to the orphanage with 60 children and helped the local teachers implement more current teaching strategies. I also supported the Kenyan pastor and his church ministry. I enjoyed doing home visits to pray and disciple church families.

2022

The Lord has provided another opportunity for me to serve Him in Kenya. This time I will be in the capital, Nairobi. I'm excited to serve with my best friend Tori. I would love to meet face to face to share with you about this upcoming opportunity!
